

Amendments to the Specification

Please replace the paragraph at page 16, lines 8-14 with the following amended paragraph:

In Figure 4, the process of the web access module 22 starts at the step ~~[[50]]~~ 60. At the step ~~[[51]]~~ 61, the web access module 22 (Figure 1) receives the URL from the receiver 21. The web access module 22 then fetches the requested content in from the corresponding remote content server (or the content server 19) specified by the URL via the Internet 17 at the step ~~[[52]]~~ 62. At the step ~~[[53]]~~ 63, the web access module 22 sends the retrieved content to the rendering module 23 of the gateway system 20 for high quality rendering.
